

Bays & Bows

Bows and Bay windows not only add distinction and character to a house - they add space too. The 'arc' of the Bow window offers a larger internal window ledge area and the Bay actually extends the footprint of the room it fronts.

Either way - the additional space and light, combined with the high visual impact make both styles of window an extremely popular choice.

Choose your style

These are just a few of the potential style variations available. If you can't see the style you are looking for, ask your salesman for further options.
