

# Vertical sliding sash

Crafted with attention to detail, our sliding sash windows combine the functional benefits and performance of a modern PVC-U window with the feel, aesthetic appeal and operational simplicity of a traditional timber window.

Our vertical sliding sash windows have a timeless elegance made with beautiful proportions and symmetry. They have the true looks of the original timber sash window of a distinguished era for which they replace, retaining all of the character of the property itself.

The modern sash not only emulates the aesthetics of their traditional timber equivalent, but they also offer additional benefits.

## Choose your style

These are just a few of the potential style variations available. If you can't see the style you are looking for, ask your salesman for further options.
